TENANCY SCHEDULE

The build-up, show open and breakdown schedule for Industrial Vehicle Technology Expo 2025 is as follows:

BUILD-UP

Tuesday 10th June 08:00 – 20:00hrs

SHOW OPEN

Wednesday 11th June 10:00 – 17:00hrs
Thursday 12th June 10:00 – 17:00hrs

BREAKDOWN

Thursday 12th June 17:30-22:00hrs
Friday 13th June 08:00 – 16:00hrs

PACKING & CASE MARKING

Packaging should be designed with internal padding and battens as to be suitable for the nature of the goods and the intended mode of transport and to be able to withstand both outward and return journeys (if required). It should be capable of easy unpacking and repacking. For this reason, it is advisable to use screws or clips for cases rather than nails.

Packaging for shipments originating from outside of the European Union must be 'ISPM15' compliant. Please contact your local Government Plant Health Authority for further details.

All cases should be clearly marked showing Industrial Vehicle Technology Expo 2025, c/o European International Fairs Limited, your exhibiting name, stand number and case number (i.e., 1of3, 2of3 etc.). We recommend using our pre-formatted [label template](#).

Case numbers on the labels should tally up with those mentioned on any shipping documentation.

RESTRICTED GOODS

The following products are restricted for import into the European Union and should not be included in your shipment if originating from outside of the EU – foodstuffs (incl. sweets and mints), beverages, tobacco, alcohol, medicines, cosmetics, live animals or plants, pharmaceutical products, and animal hides. Depending on country of manufacture, some textile products are also restricted.

Excise goods such as tobacco and alcohol will require clearance into Germany even if being imported from another EU member state.

Please [contact us](#) if it is essential for you to include such prohibited items within your consignment.

INSURANCE

Insurance is the responsibility of the exhibitor, and we do not automatically insure goods on your behalf. We strongly recommend that you arrange adequate cover for your goods for the transit to, from and during the exhibition.

Please complete and submit an order via our [online portal](#) prior to arrival and upload copy documents.

COURIER SHIPMENTS

DO NOT consign shipments to the show site or stand directly. Neither we nor the organisers will accept or sign for such deliveries. Courier shipments should be consigned to us *on a DDP basis* c/o the Schenker advance warehouse above and pre-booked via our [online portal](#) prior to arrival.

Shipments arriving directly at the show site requiring payment of Customs duty, VAT or any freight charges will be refused by European International Fairs Limited unless pre-arranged. Shipments MUST therefore be sent on a DELIVERED DUTY PAID basis.

CUSTOMS CLEARANCE & DOCUMENTATION

Goods not in free circulation, whether being shipped from within or from outside the EU, must clear customs upon arrival in Cologne.

We recommend that you DO NOT hand-carry commercial goods that are not in free circulation. Such goods are still liable for import duty and tax and may be detained by customs at the airport terminal pending customs clearance.

European International Fairs Limited can provide a temporary import Customs Guarantee to Customs on your behalf for exhibition goods under "Temporary Import" without the need to pay import duty and VAT. The goods must remain under our control throughout and are subject to examinations by Customs. At the close of the exhibition the goods must be removed to our local warehouse for Customs clearance either for re-export or for conversion to a permanent import. Heavy penalties can apply if exhibitors or contractors remove goods under a Customs import Guarantee from the show site.

Temporary importation of goods is solely subject to the final approval of the border customs authorities. If customs reject our application for clearance on a temporary importation basis, the goods will have to be imported permanently and customs duty and tax will be applicable.

Goods for temporary import (including ATA Carnet goods) must bear serial or product codes wherever possible. The same codes should be mentioned on the commercial invoice. German Customs are likely to force permanent import and payment of duties if this information is not available.

Items to be permanently imported into the Germany will attract import duty and tax. Such Customs charges are subject to an outlay fee as mentioned in our tariff.

Shipments requiring customs clearance require a commercial invoice which complies with the following check list (alternatively an ATA Carnet may be used):

- Must be consigned to Schenker Deutschland AG, Pfaelzischer Ring 105, D-50679, Koeln, Deutschland
For: Industrial Vehicle Technology Expo 2025, <exhibitor name>, <hall & stand number>
- Must indicate the individual weight and dimensions of each package in the shipment and should match the waybill
- Must clearly indicate the content of each package in English, with separate values (in EUR€) and HS Tariff codes for each individual item
- Goods for permanent import must be packed separately from goods for temporary import and each should have their own commercial invoice
- Must clearly indicate which items are packed into which boxes (piece numbers mentioned on your commercial invoice should tally up with the piece numbers mentioned on the labels attached to your packages)
- Make, model and serial numbers **must** be listed for any electrical items

We recommend that you use our [Combined Commercial Invoice & Packing List template](#).

ON-SITE REPRESENTATIVES

Experienced representatives from European International Fairs Limited will be on-site during the exhibition tenancy to supervise customs clearance and freight handling and to liaise with exhibitors during the course of the event.

PAYMENT

By placing your freight with European International (Fairs) Ltd, or consigning it according to our instructions, you are agreeing to accept our charges for handling, transportation and customs clearance and related services, either quoted or un-quoted.

Invoices are due for immediate settlement in full upon presentation. Any disputes or queries relating to invoices should be notified to us immediately. We reserve the right to demand payment before release of goods.
